

Dear Parent/Guardian(s):

Date: 1/13/16

Your child is currently enrolled in an English language development program to help to increase his or her ability to speak, read, write, and understand English, and to achieve high academic standards. The objective of this program is to make annual increases in the number or percentage of students who:

- make progress in learning English
- attain English proficiency by the end of the school year, and
- meet Annual Performance Targets on required state assessments.

It is also our goal to keep you informed regarding student progress within the English language development program. Based upon a review of test results of all eligible students enrolled in the program, the following progress was made toward achieving annual program objectives:

| Annual Measureable Achievement Objectives (AMAOs) | State Target      | Percentage or Number of Students Meeting Goal          | Was Annual Progress Achieved?       |     |                                     |    |
