

Tips and Tricks

For supporting your student with hearing loss

- 1. Remember to turn on and mute the FM**
- 2. Face the student while talking**
- 3. Avoid standing in front of windows**
- 4. Repeat directions & student responses**
- 5. Minimize background noise**
- 6. Give extra wait time**
- 7. Use visuals (ex. write important info on the board)**
- 8. Use closed captions on videos**
- 9. Avoid giving important information during transition times**
- 10. Remember to email me with important vocabulary or about upcoming tests**
