- Common Core Shifts

A critical component of a student's success in school is dependent on what and how they learn at home. This practical guide provides steps that parents can take to improve their child's learning of the Common Core.

Parent Roadmaps to the Common Core Standards- English Language Arts

The Council of the Great City Schools' parent roadmaps in English language arts/literacy provide guidance to parents about what their children will be learning and how they can support that learning in grades K-8. These parent roadmaps for each grade level also provide three-year snapshots showing how selected standards progress from year to year so that students will be college and career ready upon their graduation from high school.
